## ECOLOGICAL/CLIMATE CRISIS

We face multiple existential threats: a climate crisis with the unprecedented levels of greenhouse gases in the atmosphere, an environmental pollution crisis caused by our extraction and consumption practices, and the limits to growth on a finite planet. There are so many crises in the world, but the threats to the environment and our climate are the most grave. So we begin here.

Our Revolution has endorsed the framework of the Green New Deal, with the twin goals of a transformation to renewable energy and promoting environmental justice and economic equity. Will you support the Green New Deal and any implementing legislation in the upcoming Congress? Describe your vision for moving to renewable energy and transitioning away from fossil fuels. What commitments can you make now to voters, to demand action in Congress where we have seen none for decades? \*

The United States has 5% of the world's population, but 25% of those incarcerated worldwide. Roughly 90% of those in prison have taken plea deals, and even those who get new evidence later are unable to get hearings or convictions overturned. Private prisons further incentivize arrests and incarceration. What steps do you support to reform our Criminal Justice system - police, prosecutors, courts, jails and prisons \*

Our Revolution Maryland has advocated for justice for the human rights attorney Steven Donziger, who is being persecuted by oil and gas 'Goliath' Chevron through the federal court system. See this link for a discussion of the timeline of events in his case:

<https://www.freedonziger.org/timeline-of-the-case>. What steps will you take to rebalance the scales of justice so that 'Davids' like Steven Donziger can bring suit against mega-corporations to seek redress for victims of corporate misconduct, without risking their own freedom? With respect to Donziger, in particular, do you support Congressional hearings and/or Justice Department investigation into possible corruption of process in the Southern District of New York? \*

The federal judiciary is largely composed of pro-corporate/anti-consumer and labor judges appointed by Presidents from both parties. We see this in recent bankruptcy decisions allowing profitable corporations to claw back pension funds from employees and retirees. There are also high-profile abuses of bankruptcy protections, such as the 'Texas Two-Step' to shield assets of billionaire owners and Fortune 500 companies from deserving plaintiffs and claimants. What reforms and court oversight would you support to prevent predatory corporations from abusing judicial process to evade responsibility for egregious conduct injuring thousands and even millions of Americans? \*

## FOREIGN POLICY

The United States spends more on its military than the next 10 countries combined. That enormous expenditure incentivizes conflict over diplomacy and lobbying by our military-industrial complex to maintain the status quo. In Congress, would you work to reduce our annual military spending? \*

## SOCIAL JUSTICE

Two decades into the 21st Century, intolerance and discrimination are still plaguing us, and now, incredibly to many of us, activists on the right are trying to purge our schools of any books or curriculum which would involve an honest accounting of our troubled history of social, racial and ethnic strife, prejudice and even exploitation and genocide. Can we address disparate treatment and intolerance without openly confronting our troubled history and persistent injustices? Looking at the 2021 election in Virginia, it seems that GOP's main electoral talking point this year will continue to be a refusal to even discuss racial inequities, as well as creating new forms of oppression of women and LGBTQ people. As a society and as progressives, how should we formulate a response to these political talking points, and going forward to ensure we can equip each generation to discuss difference and discrimination? \*
